Profile

Hi,

I'm a Software Developer. able to build a Web presence from the ground up, from concept, navigation, layout, and programming to UX.

Skilled at writing well-designed, testable, and efficient code using current best practices in Web development, Fast learner, hard worker, and team player who is proficient in an array of scripting languages and multimedia Web tools.

My goal is to build fast and nice-looking applications that clearly communicate with visitors.

Latest Projects

Waves (Full Stack Project)
Most featured e-commerce app. With amazing Dashboard.
Link

M_City (Full Stack Project)
Great and nice-looking UI. Easy-to-use, and nicely designed dashboard.
